

THUNDER RIDGE

NATURE ARENA

FOR IMMEDIATE RELEASE:

THUNDER RIDGE NATURE ARENA SET TO OPEN WITH CONCERT FOR CONSERVATION

**A “SNEAK PEEK” PREVIEW OF AMERICA’S
SPECTACULAR NEW OUTDOOR EVENT VENUE!**

RIDGEDALE, Mo. (April 16, 2024) - Thunder Ridge Nature Arena, a decade in planning, development, and construction with the ambition to create America’s most beautiful outdoor amphitheater, announces its inaugural Concert for Conservation. This premier event, scheduled for May 21 at 5:30 p.m., offers a sneak peek into the breathtaking nature amphitheater and showcases spectacular talent.

LEGENDARY ENTERTAINMENT FOR THE WHOLE FAMILY

CHRIS JANSON – Missouri’s own country music sensation.

JOHN ANDERSON – Newest member of the Country Music Hall of Fame.

THE OZARK MOUNTAIN DAREDEVILS - On their historic farewell tour.

CLAY SELF – Big Cedar Lodge’s own Grand Ole Opry entertainer.

THE PETERSENS – International, award-winning bluegrass band.

Guests can anticipate an evening filled with exceptional music, a family friendly “Fan Zone”, air show, parachuting flag ceremony, and fireworks display, all against the breathtaking backdrop of Missouri’s renowned Ozarks.

Thunder Ridge Nature Arena, envisioned by noted conservationist and Bass Pro Shops founder Johnny Morris, stands as a beacon for conservation. **All venue proceeds go directly to conservation efforts to protect the land, wildlife, and natural habitats of the Ozark region.** With its stunning views of Table Rock Lake and the Boston Mountains of Arkansas, the venue offers an unparalleled live entertainment experience for guests.

Building on its commitment to providing unforgettable experiences, Thunder Ridge will introduce "The Nature Tower" in late June. Rising 12 stories from the majestic Ozark ridge, the remarkable structure will house luxury tower suites, each two stories tall, complete with 5 bedrooms, private bars, outside decks, fireplaces, and unobstructed views of Table Rock Lake and the Ozark Mountains.

Concert for Conservation tickets will be available April 19 on Ticketmaster for \$10 per person, with free parking provided for all guests. As part of Morris' mission to create "America's most beautiful outdoor amphitheater," he donated 1,200 acres of land at the Thunder Ridge site, as well as all buildings, and infrastructure, permanently setting them aside as part of a not-for-profit foundation committed to the cause of conservation.

Don't miss this incredible opportunity to experience the awe-inspiring Thunder Ridge Nature Arena.
