ANNOUNCING CLIFFHANGERS™, THE MOST
DRAMATIC PAR-3 GOLF COURSE IN THE WORLD
COMING SOON TO BIG CEDAR LODGE

RIDGEDALE, Mo. – Big Cedar Lodge, America's Premier Wilderness Resort, today unveiled details for [Cliffhangers](#), an extraordinary new 18-hole par-3 golf course.

A true labor of love, the utterly stunning, absolutely unique golf experience appropriately named Cliffhangers, was created by visionary conservationist Johnny Morris and his son John Paul. The result of their efforts is an unforgettable, over-the-top, bucket list golf experience in the majestic Ozark Mountains. What was originally planned as a practice facility exploded into an extraordinary 18-hole, par-3 adventure course after Johnny and JP, continued walking the terrain, realizing just how stunning the land truly was.

The new one of a kind adventure course, Cliffhangers, is the sixth course at the award-winning golf resort and is located adjacent to Tiger Woods' acclaimed [Payne's Valley](#). Cliffhangers will open on July 4, 2025, and reservations are available now.

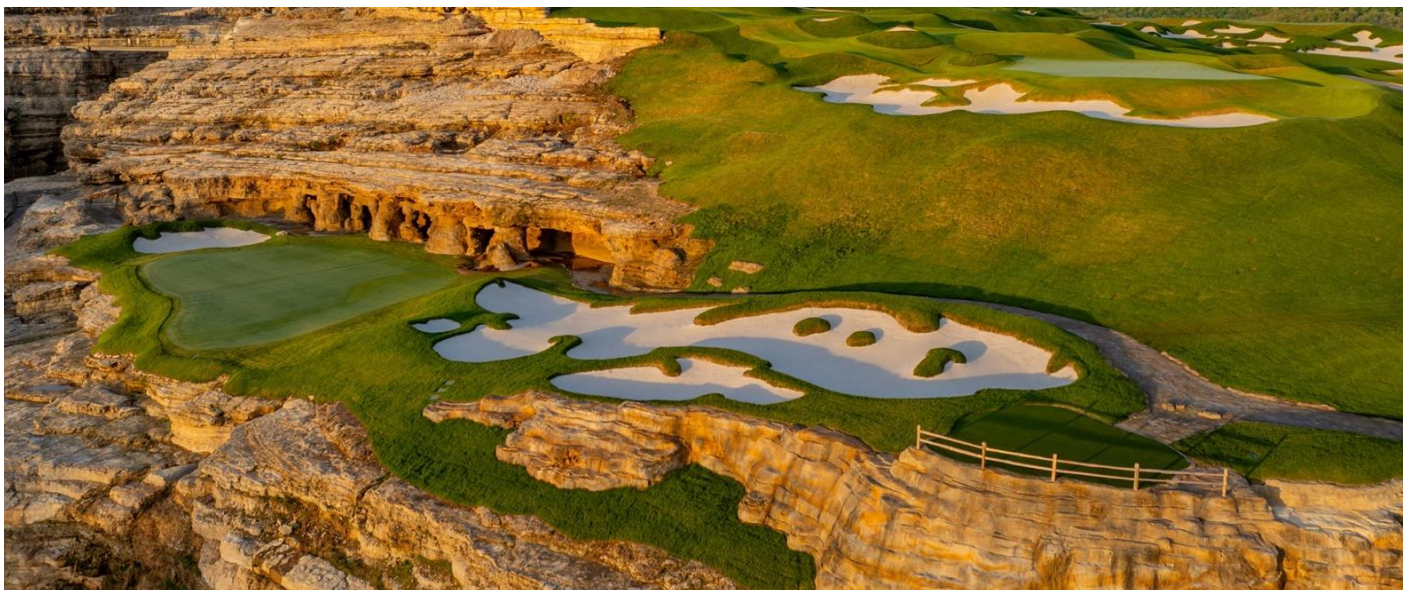

Referred to by Kid Rock as “The Redneck Walt Disney”, Johnny Morris (right), and son JP (left) and buddy Roscoe, spent thousands of happy hours over the past six years working to create Cliffhangers.

Set high in the rugged beauty of the Missouri Ozarks, Cliffhangers is far more than a round of golf—it’s an unforgettable experience. The course lives up to its name with dramatic elevation changes, breathtaking views, and holes ranging from 60 to 170 yards, all meticulously carved into the region’s iconic limestone cliffs and flowing creeks.

“This is golf on the edge—literally,” said Johnny Morris. “We wanted to create something that celebrates the natural wonder of the Ozarks while delivering an unforgettable adventure for every golfer.”

Golfers will traverse steep mountain trails and lush zoysia approaches leading to undulating bent grass greens, each hole offering a new surprise. The course itself is a signature loop the likes of which have never before been seen in golf. Players will drive carts through cascading waterfalls, cross through swift flowing creeks, and journey into a dramatic cave system—culminating in a tee shot launched from inside the cavern through a waterfall!

“Cliffhangers reflects everything we love about nature, adventure, and golf,” said John Paul Morris. “It’s wild, fun, and unlike anything in the game of golf today! We hope you’ll come pay us a visit and play Cliffhangers and experience what **true Ozarks hospitality** is all about!”

HERE'S WHAT THEY ARE SAYING: LAUREN THOMPSON – GOLF CHANNEL

"I've played many great courses around the world, and Cliffhangers is unlike anything I've ever seen. It's breathtakingly beautiful, incredibly challenging, and the best thing to happen to golf in years," Lauren Thompson, noted American golf personality, host of The Morning Drive on The Golf Channel and current host for GolfNow.

REDEFINING WHAT'S CONCEIVABLE LARRY OLMSTED – GOLF JOURNALIST

"Golf has long been pushing the envelope of what is possible and conceivable, and as a result, it has been practically impossible to do anything in golf that has not been done before. But Johnny Morris and his son JP, have done just that with Cliffhangers. There are memorable holes and then there are unforgettable holes, and Cliffhangers is all about unforgettable. There are over 38,000 golf courses in the world, and in my judgment, when it comes to unforgettable, there are absolutely none that can compare to Cliffhangers! You'll have to play it to believe it," Larry Olmsted is a leading golf journalist, golf travel authority and panelist for Rolex World's Best Golf Courses list and USA Today's Best Golf Resorts.

GRATEFUL TO OUR ALL-STAR CLIFFHANGERS TEAM

“My Dad and I are deeply grateful to the passionate team who contributed their extraordinary talents to help bring our vision for Cliffhangers to life. We are grateful to Jeff Steen, VP Of Golf Operations at Big Cedar, and his whole team for their steadfast support. We also proudly thank Hector Garcia, Todd Scott, Rich Abbott, David Kahn, Tim Jackson, Jose Vivo, Jesse Stofflet, Buck Haynes, Brodsley Whyte “Hilton” and our friends at Audubon International for contributing their remarkable skills to help make our dream a reality,” JP Morris said.
